

Closing Remarks

SH

Thoughts from today

- Individual solutions for individual challenges - listen
- Reasonable adjustments - what are they?
- Using Individual Health Care Plans
- Listen to understand or listen to respond - which do you do?
- The numbers of cyp affected by various conditions; a class of 30:
 - Diagnosable mental health condition
 - Self harm
 - ME/CFS

Changing Cultures

Accountability

What we do

Aspirational

Final thought

“The child’s return to school is not the end point of rehabilitation.

Rather school is an extension of the rehabilitation process begun in the hospital” (Larkin 1992).
