

Distance Learning - Staying Safe

Your OHS teacher may contact you by:

- Telephone
- Email
- Google Classrooms
- Google Meet

Your OHS teacher will never...

CONTACT YOU OUTSIDE OF SCHOOL HOURS

School hours are 9am to 4pm Monday to Friday in term times

ASK YOU TO SHARE YOUR PASSWORD

Your password is private! Your teacher doesn't need access to your password and will never ask you to share it.

BE REPLACED BY SOMEONE THAT YOU AREN'T FAMILIAR WITH

Teachers always have official accounts. If your normal teacher changes for any reason, your parents will be informed. Everyone who teaches you will have an official school account and will never change their name suddenly.

ASK YOU TO CHANGE APPS

Don't move off school services! Your teacher will never ask you to meet them on another app or website suddenly. Everything you need to use has been shared with your parents directly. If we decide to use a new platform, we will contact your parents first.

ARRANGE TO MEET YOU OFFLINE

other than for a session that is on your weekly timetable. While the corona-virus lockdown is in place, you will not be able to meet your OHS teacher in person at all.

TOP TIPS

- Make sure you are dressed appropriately during video calls
- Work in a space where your parents can see what's going on
- If anything feels wrong or different, speak to an adult immediately or call Childline
