

Sports reporting challenge!

1. Play a few rounds of a sport or active game that you enjoy.
2. Either:
 - a. Write a report about how the game went;
 - Did you win / get the score you were hoping for?
 - Was there anything you feel went particularly well?
 - Was there anything you would change to do better next time?
 - If you played against an opponent, did they do anything particularly impressive?
 - Include pictures if you can.
 - b. Film the activity and then try to do a verbal commentary of what is happening when you watch it back.

To practice your communication skills further you could read out your report or do your commentary in front of your family.
